

## ATAR EXAM PREPARATION

ATARget's Master Classes will deliver a comprehensive exam preparation program that will assist year 11 and 12 students in preparing for the ATAR exams. This program will focus on specific exam questions and explain in detail how the syllabus content can be employed to construct successful examination responses. These classes offer students a structured exam preparation program that will add value to the independent study they are doing at home.

### A SUCCESSFUL PROGRAM

All students attending our Exam Preparation Programs report that they feel more confident in tackling the demanding schedule of the examination period.

Some students find it very difficult to sustain an independent study program. Exam Focus offers them a structured way to comprehensively prepare for their exams.

DO BETTER.**

### F.A.Q.

**How can students be assured that what they have learnt at school will be addressed in the Exam Focus program? The answer to this important question is really quite simple.**

- ✓ The foundation of our revision classes is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- ✓ We keep their classes small which allows students access to more one-on-one time with their teacher.
- ✓ We send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the teachers for inclusion in their programs.
- ✓ This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the teacher.
